- Ages 13-15 must be able to stand in the water and follow instructor.

Class Descriptions

Aqua Zumba: Aqua Zumba® blends the Zumba® philosophy with water resistance, for one great workout. There is less impact on your joints and the water creates natural resistance, which means every step is more challenging and helps tone your muscles. (Shallow water)

Aqua Boot Camp: This water fitness interval workout, will improve your cardiovascular fitness, increase strength, endurance and improve flexibility. Prepare for some intense movement to get your body in shape and achieve maximum results through this fun and challenging total body workout that provides minimum impact on joints. All levels are welcome; class is geared toward an intermediate to advanced fitness level. (Deep & Shallow water)

Aqua Boot Camp Shallow water: A high intensity low impact workout that will include cardiovascular and resistance training. You will work solo and in teams. Expect to work hard and have fun.

Deep Water Aerobics: A great cardiovascular workout using a buoyancy belt in the deep water. This class will strengthen and tone the whole body while building up your endurance with cardio movements set to fun music. There is no impact on the joints making it a perfect environment for those with injuries or limitations. Confidence in deep water is required. (Beginners to advance)

Shallow Water Aerobics: This class is high energy, low-impact fitness designed for all ages and all fitness levels. This class is pure FUN as you are challenged with invigorating movements through the water. Aqua bells, kick boards and noodles may be used to enhance the workout.
